

Recycling at Central Christian (DOC)

We have a new “system” for recycling items at Central Christian. Every week, ONE bin will be set outside the Cornerstone Room for all our recycling EXCEPT glass. In the near future, we hope to have a separate smaller container for any glass we might need to recycle. Linda Cole has graciously volunteered to take our recycling to one of the Waste Management locations once a week.

In response to this year’s Season of Creation, we encourage all our church members and friends to review the following information and take your recycling to one of the locations listed.

If you have any questions, please contact Terri Cole.

North - 3230 E Haythorne Ave. - Full Service: 8am - 4pm ; Gates Close at 3:30pm, Closed Government Holidays, 8am - 12pm First Saturday of the Month ; Gates close at 11:30am

- **Plastic**
- **Paper**
- **Document Shredding (Haythorne Only)**
- **Aluminum**
- **Tires (Haythorne Only)**
- **Glass (Haythorne Only)**
- **E-Waste (Haythorne Only)**

In Terre Haute, IN, standard curbside recycling through Republic Services costs **\$5.50 per month** and accepts paper, flattened cardboard, #1 and #2 plastics, and metal cans, but does not accept glass.

Curbside Recycling (Republic Services)

- **Paper:** Newspapers, envelopes, junk mail, magazines, file folders.
- **Cardboard:** Flattened boxes, frozen food boxes, milk cartons.
- **Plastics:** Rigid bottles and containers labeled **#1 and #2** (soda bottles, detergent jugs, milk jugs).
- **Metal:** Aluminum cans, steel and tin food cans.
- **What to Exclude:** Plastic bags, film, glass, food waste, Styrofoam (#6), and textiles.

Drop-Off and Specialty Recycling Options

- **ISU Recycling Center (9th St.):** A public drive-thru accepting a wider range of items including glass, plastics **#1 through #7**, paper, cardboard, cans, and select electronics (Open Monday–Friday 6 AM–5 PM, Saturday 6 AM–12 PM).
- **Scrap Metal:** Facilities like Mervis Recycling and Goodman & Wolfe (1350 College Ave) accept scrap metal, old tools, appliances, and hardware.
- **Plastic Bags:** Most local grocery stores provide collection bins at their entrances.

The Goodwill Industries is located behind their retail store at 2702 S. 3rd St. in Terre Haute. Gently used clothes and household items. Attendant on site to help unload your stuff. Hours: Monday-Friday, 7:30am to 5pm; Saturday, 9am to 6pm; Sunday, 12 noon to 5pm.

Goodwill handles two main recycling pipelines directly at their donation doors:

- **Unsellable Textiles & Clothing:** You do not need to separate your items. If you donate clothing that is torn, stained, worn out, or missing buttons, Goodwill still accepts it. Items that fail quality checks for the retail floor are baled and sold to textile recyclers to be converted into industrial wiping rags, insulation, or fiber downcycling.
- **Computers & E-Waste:** Through the global Dell Reconnect partnership, Goodwill accepts any brand of computer equipment in any condition for free recycling. This includes desktops, laptops, monitors, keyboards, mice, cords, and hard drives. While Goodwill utilizes industrial data-wiping software to clean drives, it is highly recommended to clear your personal data before dropping them off.
